

SUMMER'S COMING.
KEEP HEAT OUT, MONEY IN.

Delivering more than power.™

HOMES WITH SHADE SCREENS USE ABOUT 25% LESS ENERGY TO STAY COOL.

That's a huge savings. Now through April 30, SRP customers can save even more with a special rate of just \$3 per square foot on new installed shade screens. Call the Arizona Energy Management Council at (602) 266-7283 for a participating shade screen contractor.

For details about this and other offers, visit www.savewithsrp.com.
