- By phone at (602) 236-3054
- By email at [PowerWiseLargeBusinessSolutions@srpnet.com](mailto:PowerWiseLargeBusinessSolutions@srpnet.com)

## Terms and Conditions

**Important:** This form is to be read, signed, and submitted with the Technical Assessment Application.

Salt River Project (SRP) is implementing the PowerWise Large Business Solutions program to provide customers with rebates to improve energy-efficiency in existing SRP served facilities. The following terms and conditions apply to the program:

1. To qualify for Technical Assessment rebates through the PowerWise Large Business Solutions program, the participant must:
  - a. Be a current SRP non-residential electric customer in an existing SRP served facility on pricing plan E61, E63, or E65.
  - b. Received an approved Preliminary Assessment report under the program, or have received a written waiver from the Program Administrator.
  - c. Abide by the program rules, eligibility requirements, and rebate levels in effect on the date of the Technical Assessment.
2. Failure to provide any of the required information, including signatures, forms, or other requested documentation, will result in the return of the Technical Assessment Application.
3. Customers will be limited to \$100,000 in rebates for technical support and measures installed and approved by April 30, 2010 through the PowerWise Large Business Solutions program, and an overall rebate cap of \$150,000 per customer from participation in all energy efficiency programs offered by SRP.
4. For the purposes of SRP's energy efficiency programs, a customer is defined as a company or organization that receives electric service from SRP under an approved SRP price plan. A customer is a holder of a single account, multiple accounts in aggregate or corporate accounts. Multiple accounts or corporate accounts with a single SRP customer identification number will be considered a single customer. An organization of this type can participate in multiple efficiency programs, but will be subject to any applicable customer rebate caps. SRP retains the right to make final determination of customer eligibility.
5. SRP will submit to Customer the name(s) and address(es) of the Qualified Service Provider (QSP) that SRP recommends to perform the Technical Assessment, in addition to the proposed scope and cost. The final decision to proceed with the Technical Assessment and use of such persons in connection with the Technical Assessment will be subject to the approval of Customer.
6. Customer agrees to have its employees or contractors cooperate with SRP and the approved QSP to provide Facility operating data and energy use evaluation assistance needed for SRP to complete the Technical Assessment.
7. Customer agrees to allow SRP to release standard 16-month usage history, including load interval data, for the account(s) identified on this application to the PowerWise Large Business Solutions Program Administrator and approved QSP.
8. SRP reserves the right to inspect the facility for compliance with the program requirements. Inspection may include a telephone survey, site visit, and/or the installation of temporary monitoring equipment at any time up to two years after installation. Customers will allow SRP and their subcontractors reasonable access to and egress from site during normal business hours for inspection purposes. If selected for inspection, the rebate will be withheld pending outcome of the inspection. If the equipment is found to be in compliance with the program requirements, the rebate will be paid. If the equipment is not in compliance, the customer will be notified.
9. SRP and its QSPs shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to hazardous materials of any kind in connection with the Facility including, but not limited to, asbestos, asbestos products, PCBs, or other toxic substances.
10. Measures that are eligible for rebates through the PowerWise Standard Business Solutions or Compressed Air Solutions programs will not be identified and/or evaluated as part of this assessment.

**Terms and Conditions, continued.**

11. Customers acknowledge that the Technical Assessment Application is not an equipment rebate offer and that equipment rebates are available only **after** the approval of a Technical Assessment Report, Rebate Application, and Installation Notice.
12. Measures that are eligible for rebates through the PowerWise Standard Business Solutions or Compressed Air Solutions programs will not be identified and/or evaluated as part of this assessment.
13. Customers acknowledge that the Technical Assessment Application is not an equipment rebate offer and that equipment rebates are available only **after** the approval of a Technical Assessment Report, Rebate Application, and Installation Notice.
14. Program procedures, requirements, and incentive levels are subject to change or cancellation without notice.
15. SRP makes no representations and provides no warranty or guaranty with respect to the Technical Assessment. Responsibility for delivery and workmanship related to any equipment or services the customer procures exclusively rests with the selected QSP. SRP assumes no responsibility for oversight of contractor services.
16. Participation as a QSP does not constitute an endorsement by SRP, nor does it certify or guarantee the quality of work performed. SRP is not responsible if the QSP or other Large Business contractor, retailer, vendor or other party provides you with inaccurate information about the amount or conditions of the program.
17. The terms and conditions set forth herein constitute a complete statement of the Terms and Conditions applicable to this promotion, and supersede all prior representations or understandings, whether written or oral. SRP shall not be bound by or be liable for any statement, representation, promise, inducement or understanding of any kind that is not set forth herein. SRP reserves the right to change or cancel this promotion or its terms and conditions at any time.

By signing below, applicant acknowledges and agrees that:

- I have read and understand all Terms and Conditions of this form and the customer eligibility, measure eligibility, and participation procedures for the PowerWise Large Business Solutions program in the Program Manual.
- I certify as the building owner or the owner’s authorized representative that all the information contained within this application is true and factual.
- I understand that I will be responsible for half of the approved Technical Assessment costs, and any costs over \$30,000, payable directly to the QSP.
- The undersigned applicant shall defend, protect, indemnify and hold harmless SRP, Nexant Inc., and their respective board members, officers, directors, managers, associates, related firms and entities, employees, servants, and agents (the “Indemnified Parties”) against all claims, losses, expenses, damages, demands, judgments, causes of action, suits, and liability of every kind and character whatsoever (“claims”) arising out of or incident to, or related in any way to, directly or indirectly, participation in the PowerWise Large Business Solutions program; provided however, that applicant shall not be required to indemnify and hold harmless any Indemnified Party member against claims adjudicated to have been caused by such party’s gross negligence or willful misconduct.
- As the signatory, I have the authority to approve the Technical Assessment and payment of any indicated Customer costs.
