

## Application Instructions

SRP's PowerWise New Construction Solutions program aims to foster integrated building design and electric efficiency for new construction projects. This application packet contains the forms and instructions necessary to request energy analysis/design assistance services funded by SRP's PowerWise New Construction Solutions program.

This application packet contains the following parts:

- General Information
- Proposed Facility Details
- Terms and Conditions

To participate in this rebate program, please review the following steps:

1. **Read** the Terms and Conditions included in this packet.
2. **Complete** the following pages included with this application packet:
  - **General Information** – Include all required customer and account information.
  - **Proposed Facility Details** – Include information with regards to the proposed facility.
3. **Sign** the Terms and Conditions page.
4. **Retain** a copy of the completed application. Submitted applications will become the property of SRP.
5. **Submit** the completed application and required documentation to:

SRP PowerWise New Construction Solutions  
PMB 192  
4802 E Ray Rd Ste 23  
Phoenix, AZ 85044-6417  
Fax: (480) 345 – 7601

Email: [PowerWiseNewConstructionSolutions@srpnet.com](mailto:PowerWiseNewConstructionSolutions@srpnet.com)

**For More Information.** For more information about the PowerWise New Construction Solutions program, measure eligibility, rebates, or other SRP programs please contact us:

- Online at [srpnet.com/powerwisebiz](http://srpnet.com/powerwisebiz)
- By phone at (602) 236-3054
- By email at [PowerWiseNewConstructionSolutions@srpnet.com](mailto:PowerWiseNewConstructionSolutions@srpnet.com)

**General Information**

**Important:** Please allow 21 days for application review following complete documentation submittal. Ineligible or incomplete applications will not be approved.

### Terms and Conditions

SRP is implementing the PowerWise New Construction Solutions program to provide customers with technical services and rebates to improve electrical energy-efficiency in qualifying new SRP-served facilities. The following terms and conditions apply to the program:

1. To qualify for the PowerWise New Construction Solutions program, the proposed facility must:
  - a. Be a SRP non-residential electric customer on pricing plan E32, E36, E61, E63, or E65.
  - b. Abide by the program rules, eligibility requirements, and rebate levels in effect on the date of the submitted Project Application.
2. Failure to provide any of the required information, including signatures, forms, or other requested documentation, will result in the return of the Project Application.
3. Customers will be limited to \$100,000 in rebates for technical services and equipment installed and approved by April 30, 2010 through the FY10 PowerWise New Construction Solutions program, and an overall rebate cap of \$150,000 per customer from participation in all FY10 energy efficiency programs offered by SRP.
4. For the purposes of SRP's energy efficiency programs, a customer is defined as a company or organization that receives electric service from SRP under an approved SRP price plan. A customer is a holder of a single account, multiple accounts in aggregate or corporate accounts. Multiple accounts or corporate accounts with a single SRP customer identification number will be considered a single customer. An organization of this type can participate in multiple efficiency programs, but will be subject to any applicable customer rebate caps. SRP retains the right to make final determination of customer eligibility.
5. SRP will submit to Customer the name(s) and contact information for the Qualified Service Provider (QSP) SRP recommends provide the design assistance services. The final decision to proceed under the program and use of such persons will be subject to the approval of Customer.
6. Customer agrees to have its employees, design team, and contractors cooperate with SRP and the approved QSP to provide Facility operating data and energy use evaluation assistance needed by SRP for participation in the program.
7. SRP reserves the right to inspect the facility for compliance with the program requirements. Inspection may include a telephone survey, site visit, and/or the installation of temporary monitoring equipment at any time up to two years after installation. Customers will allow SRP and their subcontractors reasonable access to and egress from site during normal business hours for inspection purposes. If selected for inspection, the rebate will be withheld pending outcome of the inspection. If the equipment is found to be in compliance with the program requirements, the rebate will be paid. If the equipment is not in compliance, the customer will be notified.
8. SRP, Nexant, and its QSPs shall have no responsibility for the discovery, presence, handling, removal or disposal of, or exposure of persons to hazardous materials of any kind in connection with the Facility including, but not limited to, asbestos, asbestos products, PCBs, or other toxic substances.
9. Program procedures, requirements, and rebate levels are subject to change or cancellation without notice.
10. SRP makes no representations and provides no warranty or guaranty with respect to the accuracy or completeness of the provided technical support services.
11. Participation as a QSP does not constitute an endorsement by SRP, nor does it certify or guarantee the quality of work performed. SRP is not responsible if the QSP or other contractor, retailer, vendor or other party provides you with inaccurate information about the amount or conditions of the program.
12. The terms and conditions set forth herein constitute a complete statement of the Terms and Conditions applicable to this promotion, and supersede all prior representations or understandings, whether written or oral. SRP shall not be bound by or be liable for any statement, representation, promise, inducement or understanding of any kind that is not set forth herein. SRP reserves the right to change or cancel this promotion or its terms and conditions at any time.

**Customer Signature**

By signing below, applicant acknowledges and agrees that:

- I have read and understand all Terms and Conditions of this form and the customer eligibility, measure eligibility, and participation procedures for the FY10 PowerWise New Construction Solutions program in the Participant Program Manual.
- I certify as the building owner or the owner’s authorized representative that all the information contained within this application is true and factual.
- The undersigned applicant shall defend, protect, indemnify and hold harmless SRP, Nexant Inc., and their respective board members, officers, directors, managers, associates, related firms and entities, employees, servants, and agents (the “Indemnified Parties”) against all claims, losses, expenses, damages, demands, judgments, causes of action, suits, and liability of every kind and character whatsoever (“claims”) arising out of or incident to, or related in any way to, directly or indirectly, participation in the PowerWise New Construction Solutions program; provided however, that applicant shall not be required to indemnify and hold harmless any Indemnified Party member against claims adjudicated to have been caused by such party’s gross negligence or willful misconduct.
- As the signatory, I have the authority to submit the Project Application
