

EARTHWISE™ RESIDENTIAL SOLAR ELECTRIC PROGRAM NON-INCENTIVE APPLICATION

INSTRUCTIONS: This is the application for solar electric installations that are not receiving an incentive. Completed application packages can be submitted to SRP by e-mail at SolarPV@srpnet.com, by fax at (602) 629-7978, or by mail at the following address: SRP EarthWise™ Non-Incentive Solar Energy Program, Mail Stop PAB 355, P.O. Box 52025, Phoenix, AZ 85072-2025.

A completed application package must include the following items:

1. A completed application.
2. A site plan diagram that shows: (a) customer name, (b) installation address, (c) size (watt-DC-STC), (d) arrangement of the major equipment, including the electrical service entrance section and SRP meter, (e) location of generator and interface equipment, and (f) the location of the disconnect switch. For system expansions, the drawings must show the existing solar electric system, as well as the expansion.
3. A three-line electrical diagram that shows: (a) customer name, (b) installation address, (c) size (watt-DC-STC), (d) all neutral and ground conductors and connections, (e) module manufacturer and model number, and (f) inverter manufacturer and model number.

Customers interconnecting a solar electric system will automatically be enrolled in the Renewable Net Metering Rider. For details and rules, refer to SRP's applicable service rides located at srpnet.com/prices. Customers may opt out of this rider by contacting SRP as provided above.

SECTION I: CUSTOMER

Name on SRP Account _____ Daytime Phone _____

Spouse Name _____ Evening Phone _____

Alternate Contact _____ Phone _____

Generating Facility Address _____

City _____ State _____ Zip Code _____

Is the Generating Facility Address a rental property: Yes No

If yes, please list the property owner's name _____

Mailing Address _____

City _____ State _____ Zip Code _____

Meter # (where the Generating Facility will tie in) _____ Gate Code (if applicable) _____

Customer E-mail _____

(For notifications related to the status of your application)

SRP Account # _____

Customer Name _____

SECTION II: INSTALLER

Check here if system is self-installed

Name _____ License Number: _____

DBA _____

Mailing Address _____

City _____ State _____ Zip Code _____

Application Contact _____ Phone _____

E-mail _____

Design Contact _____ Phone _____

E-mail _____

SECTION III: SOLAR ELECTRIC SYSTEM INFORMATION

- 1. Generating Facility information (check all that apply):

<input type="checkbox"/> Purchase	<input type="checkbox"/> Expansion
<input type="checkbox"/> Lease	<input type="checkbox"/> New home construction
- 2. If this is a leased system, please indicate the lease term length (years): _____
- 3. Estimated installation date: _____
- 4. Total array rating (Watt-DC-STC): _____
- 5. Total system nameplate inverter rating (kW-AC): _____
- 6. Voltage: 208 240
- 7. Phase: Single Phase Three Phase
- 8. Inverter tested to UL1741: Yes No *If no, customer does not qualify to interconnect.*
- 9. Will a service entrance upgrade be required for this installation: Yes No
- 10. Is an electrical permit and/or inspection required by the authority having jurisdiction: Yes No
- 11. Is access to the utility AC disconnect switch, service entrance, electric metering, and/or any required output metering by SRP personnel in any way restricted or impeded (fences, locks, gates, walls, animals, etc.):
 Yes No *If yes, explain* _____

- 12. Module Information:

Manufacturer _____	Manufacturer _____
Model _____	Model _____
Max power rating (watts) _____ Qty. _____	Max power rating (watts) _____ Qty. _____

Customer Name _____

13. Inverter Information:

Manufacturer _____	Manufacturer _____
Model _____	Model _____
Nameplate rating (kW-AC) _____ Qty. _____	Nameplate rating (kW-AC) _____ Qty. _____

14. Battery Information:

Manufacturer _____	Manufacturer _____
Model _____ Qty. _____	Model _____ Qty. _____

SECTION IV: TO BE COMPLETED BY SRP

Verification of module information:			
Module _____	Model _____	Max power rating (watts) _____	Qty. _____
Module _____	Model _____	Max power rating (watts) _____	Qty. _____
Verification of inverter information:			
Inverter _____	Model _____	Nameplate rating (kW-AC) _____	Qty. _____
Inverter _____	Model _____	Nameplate rating (kW-AC) _____	Qty. _____
Verification of battery information:			
Battery _____	Model _____	Qty. _____	
Battery _____	Model _____	Qty. _____	
Form completed by _____			

SECTION V: CUSTOMER ACKNOWLEDGEMENT

The undersigned acknowledges the intent to install a solar electric system and participate in the SRP EarthWise™ Residential Solar Electric Non-Incentive Program.
