

EARTHWISE™ RESIDENTIAL SOLAR ELECTRIC PROGRAM INCENTIVE APPLICATION

INSTRUCTIONS: For instructions and program requirements please visit srpnet.com/solar. Completed application packages can be submitted to SRP by e-mail at SolarPV@srpnet.com, by fax at (602) 629-7978, or by mail at the following address: SRP EarthWise™ Residential Solar Electric Program, Mail Stop PAB 355, P.O. Box 52025, Phoenix, AZ 85072-2025.

SECTION I: CUSTOMER

Name on SRP Account _____ Daytime Phone _____

Spouse Name _____ Evening Phone _____

Alternate Contact _____ Phone _____

Generating Facility Address _____

City _____ State _____ Zip Code _____

Is the Generating Facility Address a rental property: Yes No

If yes, please list the property owner's name _____

Mailing Address _____

City _____ State _____ Zip Code _____

Meter # (where the Generating Facility will tie in) _____ Gate Code (if applicable) _____

Customer E-mail _____
(For notifications related to the status of your application)

SRP Account # _____

SECTION II: INSTALLER

Name (as listed with the AZROC) _____

DBA (as listed with the AZROC) _____

Mailing Address _____

City _____ State _____ Zip Code _____

Application Contact _____ Phone _____

E-mail _____

Design Contact _____ Phone _____

E-mail _____

Customer Name _____

12. Module Information:

Manufacturer _____ Manufacturer _____
 Model _____ Model _____
 Max power rating (watts) _____ Qty. _____ Max power rating (watts) _____ Qty. _____

13. Inverter Information:

Manufacturer _____ Manufacturer _____
 Model _____ Model _____
 Nameplate rating (kW-AC) _____ Qty. _____ Nameplate rating (kW-AC) _____ Qty. _____

14. Battery Information:

Manufacturer _____ Manufacturer _____
 Model _____ Qty. _____ Model _____ Qty. _____

SECTION V: TO BE COMPLETED BY SRP

<p>Incentive calculation:</p> $\frac{\$ \text{ / Watt-DC-STC}}{\text{SRP Incentive}} \times \frac{\text{Watt-DC-STC}}{\text{Watt-DC-STC}} = \$ \frac{\text{Incentive}}{\text{Incentive}}$ <p>Incentive calculation for leased systems:</p> $\frac{\text{Lease Term}}{\text{REC Period}} \div 20 = \frac{\text{Lease Prorating}}{\text{Lease Prorating}} \times \frac{\text{Available Incentive}}{\text{Lease Prorating}} = \$ \frac{\text{Total Incentive}}{\text{Total Incentive}}$	<p>Estimated generation (kWh/year):</p> $\frac{1,600 \text{ kWh/kW-DC/year}}{\text{Avg. Generation}} \times \frac{\text{kW-DC}}{\text{kW-DC}} = \frac{\text{Est. Generation}}{\text{Est. Generation}}$
<p>Verification of module information:</p> <p>Module _____ Model _____ Max power rating (watts) _____ Qty. _____</p> <p>Module _____ Model _____ Max power rating (watts) _____ Qty. _____</p>	
<p>Verification of inverter information:</p> <p>Inverter _____ Model _____ Nameplate rating (kW-AC) _____ Qty. _____</p> <p>Inverter _____ Model _____ Nameplate rating (kW-AC) _____ Qty. _____</p>	
<p>Verification of battery information:</p> <p>Battery _____ Model _____ Qty. _____</p> <p>Battery _____ Model _____ Qty. _____</p>	
<p>Form completed by _____</p>	

Customer Name _____

SECTION VI: CUSTOMER ACKNOWLEDGEMENT

The undersigned acknowledges the intent to install a solar electric system and participate in the SRP EarthWise™ Residential Solar Electric Program.

SECTION VII: VENDOR CERTIFICATION

By signing below, the undersigned each represent and warrant to Customer and Salt River Project Agricultural Improvement and Power District (“SRP”) that the following information related to the Generating Facility installed at _____ [insert installation address] is true and accurate:

- All equipment to be installed and/or used in connection with the Generating Facility was approved by the manufacturer of the Generating Facility for installation or use with the Generating Facility and will comply with the program requirements of the EarthWise™ Residential Solar Electric Program.
- No material differences will exist between the Generating Facility described in the Residential Solar Electric Incentive Application, including any Addendums, and the installed Generating Facility.
- Installer will provide to Customer a Statement of Performance that provides the expected power output of the Generating Facility and outlines variables that will affect the Generating Facility’s performance including, but not limited to, general weather patterns, specific site conditions, energy use patterns, and other conditions not subject to the control of the system Installer.
- Installer will provide to Customer a planned maintenance or equipment replacement schedule for the operational life of the Generating Facility.
- Dealer or Installer will secure for the Customer all warranties as outlined in the applicable program requirements.
