- C. SRP may increase or decrease the Environmental Programs Cost Adjustment Factor based on changes in the cost of providing energy efficiency, renewable energy and other environmental programs. The price for Environmental Programs is calculated based on the projected cost of the programs, adjusted for the actual over- or under-collection of the programs relative to the expenses from prior periods.
- D. SRP will increase or decrease billings under this price plan in proportion to any taxes, fees, or charges (excluding federal or state income taxes) levied or imposed by any governmental authority and payable by SRP for any services, power, or energy provided under this price plan.
- E. Customers participating in the 10-day SurePay Automatic Payment program will receive a 1 percent discount on SRP charges for services supplied under this price plan. The discount will be applied before adding sales tax. The discount does not apply to any penalties, fees, credits or premiums. The discount will not apply to energy or services supplied by an alternative energy supplier.
