STRATEGIC PLANNING COMMITTEE
Thursday, June 8, 2023, 9:30 AM
SRP Administration Building
1500 N. Mill Avenue, Tempe, AZ 85288

Committee Members: Anda McAfee, Chairman; Paul Rovey, Vice Chairman; and Nick Brown, Randy Miller, Mark Pace, Jack White Jr., and Leslie C. Williams

Call to Order
Roll Call

1. **CONSENT AGENDA:** The following agenda item(s) will be considered as a group by the Committee and will be enacted with one motion. There will be no separate discussion of these item(s) unless a Committee Member requests, in which event the agenda item(s) will be removed from the Consent Agenda and considered as a separate item ................................................................. CHAIRMAN ANDA McAFEE

   • Request for approval of the minutes for the meeting of February 9, 2023

2. **2050 Strategic Plan Process Review** .................................................. KAITLYN LIBBY

   Informational presentation regarding a preview of the process and timeline by which SRP will establish a strategic vision and plan for 2050.

3. **SRP Climate Risk Management** .......................................................... TOM COOPER

   Informational presentation regarding an overview of SRP’s efforts around climate risk management.

4. **SRP Greenhouse Gas Reporting Overview** .............................. ANTHONY MIRABITO; and DAN SOBRINSKI, WSP USA

   Informational presentation regarding an overview of the greenhouse gas reporting protocols that SRP follows along with the results of SRP’s Fiscal Year 2022 (FY22) third-party verified greenhouse gas inventory.

5. **SRP’s Electric Vehicle (EV) Strategy** .............................................. BURRELL KILMER

   Informational presentation regarding an overview of key market drivers and trends affecting SRP, status of EV adoption versus goals, current view on EV adoption forecast in SRP territory, status on key SRP EV activities and initiatives, and priorities for FY24.

6. **Report on Current Events by the General Manager and Chief Executive Officer or Designees** ................................................................. JIM PRATT

7. **Future Agenda Topics** ................................................................. CHAIRMAN ANDA McAFEE
The Committee may vote during the meeting to go into Executive Session, pursuant to A.R.S. §38-431.03 (A)(3), for the purpose of discussion or consultation for legal advice with legal counsel to the Committee on any of the matters listed on the agenda.

The Committee may go into Closed Session, pursuant to A.R.S. §30-805(B), for records and proceedings relating to competitive activity, including trade secrets or privileged or confidential commercial or financial information.

Visitors: The public has the option to attend in-person or observe via Zoom and may receive teleconference information by contacting the Corporate Secretary’s Office at (602) 236-4398. If attending in-person, all property in your possession, including purses, briefcases, packages, or containers, will be subject to inspection.
A meeting of the Strategic Planning Committee of the Salt River Project Agricultural Improvement and Power District (the District) and the Salt River Valley Water Users' Association (the Association), collectively SRP, convened at 9:30 a.m. on Thursday, February 9, 2023, from the Board Conference Room at the SRP Administration Building, 1500 North Mill Avenue, Tempe, Arizona. This meeting was conducted in-person and via teleconference in compliance with open meeting law guidelines.

Committee Members present at roll call were A.G. McAfee, Chairman; and N.R. Brown and R.J. Miller.

Committee Members absent at roll call were P.E. Rovey, Vice Chairman; and M.V. Pace, J.M. White Jr., and L.C. Williams

Also present were President D. Rousseau; District Vice President C.J. Dobson; Board Members R.C. Arnett, K.J. Johnson, and L.D. Rovey; Council Chairman T.M. Francis; Council Vice Chairman R.J. Shelton; Council Liaisons M.G. Rakow and P.A. Van Hofwegen; Mmes. K.J. Barr, M.J. Burger, A.P. Chabrier, L.F. Hobaica, K.M. Libby, and G.A. Mingura; and Messrs. J.D. Coggins, T. Cooper, J.M. Felty, M. Hummel, K.J. Lee, A.J. McSheffrey, and G. Saint Paul.

Chairman A.G. McAfee appointed Board Member R.C. Arnett to serve as an ex-officio member of the Committee.

In compliance with A.R.S. §38-431.02, Andrew Davis of the Corporate Secretary’s Office had posted a notice and agenda of the Strategic Planning Committee meeting at the SRP Administration Building, 1500 North Mill Avenue, Tempe, Arizona, at 9:00 a.m. on Tuesday, February 7, 2023.

Chairman A.G. McAfee called the meeting to order.

Consent Agenda

Chairman A.G. McAfee requested a motion for Committee approval of the Consent Agenda, in its entirety.

On a motion duly made by Board Member R.C. Arnett and seconded by Board Member R.J. Miller, the Committee unanimously approved and adopted the following item on the Consent Agenda:

- Minutes of the Strategic Planning Committee meeting on November 10, 2022, as presented
Corporate Secretary J.M. Felty polled the Committee Members on Board Member R.C. Arnett’s motion to approve the Consent Agenda, in its entirety. The vote was recorded as follows:

YES: Board Members A.G. McAfee, Chairman; and R.C. Arnett, N.R. Brown and R.J. Miller (4)
NO: None (0)
ABSTAINED: None (0)
ABSENT: Board Members P.E. Rovey, Vice Chairman; M.V. Pace and J.M. White Jr., and L.C. Williams (4)

SRP 2035 Corporate Goals Review

Using a PowerPoint presentation Kaitlyn M. Libby, SRP Manager of Strategic Planning, stated that the purpose of the presentation was to request re-approval of the 2035 Corporate Goals without changes, which are reviewed on an annual basis to ensure SRP’s strategy remains relevant and appropriate amid changes within SRP’s operating environment.

Ms. K.M. Libby reminded the Committee that SRP’s mission is to serve its customers and communities by providing sustainable, reliable, and affordable water and energy. She stated that as part of the annual review process, Management assessed SRP’s 2035 Corporate Goals against current trends and market conditions.

Ms. K.M. Libby reviewed the following trends and market conditions considered in assessing SRP’s strategy in its current operating environment: heightened focus on the impacts of climate change; decarbonization of power generation; expanding view of sustainability; accelerating pace of technological advancement; increasing customer and workforce expectations; and unprecedented growth and threat of recession. She discussed major near-term strategy efforts for Fiscal Year 2024 (FY24) and FY25.

In conclusion, Ms. K.M. Libby recommended that the Board re-approve the 2035 Corporate Goals without changes.

Ms. K.M. Libby responded to questions from the Committee.

On a motion duly made by Board Member R.C. Arnett, seconded by Vice Chairman P.E. Rovey and carried, the Committee agreed to recommend Board re-approval, as presented.

Corporate Secretary J.M. Felty polled the Committee on Board Member R.C. Arnett’s motion for approval. The vote was recorded as follows:

YES: Board Members A.G. McAfee, Chairman; P.E. Rovey, Vice Chairman; and R.C. Arnett, and L.C. Williams (4)
NO: None (0)
ABSTAINED: Board Members N.R. Brown and R.J. Miller (2)
ABSENT: Board Members M.V. Pace and J.M. White Jr. (2)
Copies of the handouts distributed and the PowerPoint slides used in this presentation are on file in the Corporate Secretary’s Office and, by reference, made a part of these minutes.

Association Vice President J.R. Hoopes; Board Members K.L. Mohr-Almeida, P.E. Rovey, and L.C. Williams; Ms. K.S. Ramaley; and Mr. M.J. O’Connor entered the meeting during the presentation.

**SRP Sustainable Cities Program Pilot**

Using a PowerPoint presentation, Tom Cooper, SRP Director of Corporate Strategy, Sustainability, and Economic Services, stated that the purpose of the presentation was to provide information regarding SRP’s work with four Valley cities to pilot a Sustainable Cities Program, which was initiated by SRP Economic Development to work with and assist communities in identifying and promoting their sustainable assets and emphasizing their commitment to sustainable growth.

Mr. T. Cooper stated that promoting smart and sustainable economic growth is in line with SRP’s 2035 Corporate Goal of proactively partnering with communities and Tribal Nations on economic development initiatives and programs related to water, energy, and sustainability; and SRP’s FY23 Corporate Objective of developing and implementing a Sustainable City certification program to help participating communities promote their commitment to sustainable growth.

Mr. T. Cooper explained how sustainable cities are actively working and making significant progress in addressing economic health, the environment, and social/cultural impact through urban planning and city management. He said that sustainable cities are environmentally responsible, resilient, prepared for change, inclusive, and competitive. Mr. T. Cooper introduced Marc A. Valenzuela, SRP Senior Analyst of Economic Development.

Continuing, Mr. M.A. Valenzuela stated that the objective of the pilot program is to work with and assist participating cities in identifying and promoting their sustainable assets, as well as emphasizing their commitment to sustainable growth in order to help ensure they are competitive for talent, investment, and jobs. He said the pilot program is eligible to municipalities that have an economic development department; seek support from their city management; and have an established working sustainability team. Mr. M.A. Valenzuela stated that Gilbert, Mesa, Tempe, and Phoenix are the municipalities currently participating in the pilot program.

Mr. M.A. Valenzuela noted that the pilot program allows communities to meet economic, environmental, and societal goals to be more competitive for investment long-term. He reviewed the questionnaire that was implemented as well as its scoring results.

Mr. M.A. Valenzuela concluded with a discussion of the deliverables and benefits and a timeline of the pilot program. He responded to questions from the Committee.
Copies of the PowerPoint slides used in this presentation are on file in the Corporate Secretary’s Office and, by reference, made a part of these minutes.

Ms. L.G. Harrison; and Messrs. D.W. Dreiling, B.A. Olsen, and M.A. Valenzuela entered the meeting during the presentation.

**SRP FY22 Sustainability Report**

Using a PowerPoint presentation Leah G. Harrison, SRP Manager of Sustainability Policy and Programs, stated that the purpose of the presentation was to provide information regarding the publication of SRP’s FY22 Annual Sustainability Report.

Ms. L.G. Harrison provided a layout of the FY22 Sustainability Report located on SRP’s website and highlighted how FY22 progress is on track with SRP’s 2035 Corporate Goals. She reviewed the redesigned web page for “Sustainability at SRP” located on SRP’s website and highlighted key topics. Ms. L.G. Harrison concluded with key FY22 updates and its progress towards 2025 milestones. She introduced Bobby A. Olsen, SRP Senior Director of Corporate Planning, Environmental Services, and Innovation.

Continuing, Mr. B.A. Olsen reviewed a graph depicting retail total carbon intensity and mass forecasted through 2035. He provided an update with respect to development and supply chain challenges. In conclusion, Mr. B.A. Olsen stated that the leading indicators that continue to drive change are 2,586 Megawatts (MW) of coal retirements by 2032, the addition of 2,097MW of solar, 1,140MW of batteries, and 288MW of wind all by 2025, long-duration energy storage pilot, and exploration of pumped-storage hydro.

Ms. L.G. Harrison and Mr. B.A. Olsen responded to questions from the Committee.

Copies of the handouts distributed and the PowerPoint slides used in this presentation are on file in the Corporate Secretary’s Office and, by reference, made a part of these minutes.

Mr. M.A. Valenzuela left the meeting during the presentation. Mr. R.T. Judd entered the meeting during the presentation.

**Report on Current Events by the General Manager and Chief Executive Officer or Designees**

Mike Hummel, SRP General Manager and Chief Executive Officer, reported on a variety of federal, state, and local topics of interest to the Committee.

Ms. L.G. Harrison and Messrs. D.W. Dreiling and B.A. Olsen left the meeting during the report.
Future Agenda Topics

Chairman A.G. McAfee asked the Committee if there were any future agenda topics. Board Member R.J. Miller requested an update regarding the latest geothermal technology and requested leadership training for Board Members. Chairman A.G. McAfee suggested a dashboard of energy technology.

There being no further business to come before the Strategic Planning Committee, the meeting adjourned at 10:50 a.m.

Lora F. Hobaica
Assistant Corporate Secretary
A STRATEGY-DRIVEN ORGANIZATION
Goal: Create a resilient strategic plan that positions SRP for long-term success amid significant industry disruption and transformation.

Strategic Plan Includes:
- Strategic vision for 2050
- Updated 2035 Corporate Goals
- Identification of key strategies, capabilities, and resources required to achieve vision and goals
• Contemplate the broader, lasting impacts of…
  ▪ Climate change
  ▪ An electrified economy
  ▪ Rapidly advancing technologies
  ▪ A fully evolved role of the customer

• Guide critical, long-term investment decisions

• Reinforce SRP’s role as an industry-leader to ensure long-term customer and community value
STRATEGY PROCESS

1. Identify Major Trends
2. Create 2050 Scenarios
3. Develop Strategic Plan

OneSRP

- Customer

06/18/2023 Strategic Planning Committee, K. Libby
NEXT STEPS

1. Identify Major Trends
   - June

2. Create 2050 Scenarios
   - July

3. Develop Strategic Plan
   - Aug.
   - September
   - October
   - SPC = Strategic Planning Committee

   - Seek Approval

   - Conduct Strategy Pre-Work

   - Provide Update SPC

   - Seek Approval Rec. SPC

   - Present Plan Board (for approval) Council (to inform)
thank you!
SRP Climate Risk Management

Strategic Planning Committee

Tom Cooper | June 8, 2023
Climate Risk

Risk Exposure: What may change?
Risk Sensitivity: What is in harm’s way?
Potential Impact: Does it matter?
Adaptive Capacity: Can we respond?
Vulnerability

*Source: Commonly used Intergovernmental Panel on Climate Change (IPCC) framework for assessing vulnerability to climate change
What Might Change?

- Temperatures
- Storm Frequency and Intensity
- Precipitation
- Wildfires
Potential Impacts

- Power Generation
- Power Delivery
- Water Supply
- Employees
- Customers
- Supply Chains
CLIMATE READi
RESILIENCE AND ADAPTATION INITIATIVE

Workstream 1  Workstream 2  Workstream 3

PHYSICAL CLIMATE HAZARD  VULNERABILITY ASSESSMENT  RESPONSE PRIORITIZATION
Climate Risk Management Structure

- Governance and Oversight using existing risk management structure
- New subject matter expert team
- Communications and input via existing business groups

Enterprise Risk Management

- Strategic plans
- Financial planning
- Annual objectives

Climate Risk Management

Climate Core Team

06/08/2023 Strategic Planning Committee, T. Cooper
1. Begin to develop SRP-specific comprehensive climate base cases
2. Establish an initial risk inventory of system vulnerabilities and associated risk owners
3. Improve communications and maintain repository of data
4. Continue alignment with SRP strategy and risk management operations
thank you!
SRP Greenhouse Gas Reporting Overview

Strategic Planning Committee

Anthony Mirabito | Sustainability Policy & Programs | SRP
Dan Sobrinski | Senior Vice President | WSP USA
June 8, 2023
What are the Largest GHG Emission Sources? (AZ 2020)

37% Power Generation
36% Transportation
27% Commercial, Industrial, Agricultural, Residential

Greenhouse Gas Inventory Data Explorer | US EPA
Why Does SRP Measure and Report GHG Emissions?

- **Support** attainment of SRP corporate goals
- **Understand** emissions impact of resource decisions
- **Meet** customer data requirements
- **Demonstrate** a commitment to transparency
- **Align** with best practices
**How Does SRP Calculate GHG Emissions?**

**Greenhouse Gas Inventory**
- Measures emissions from All SRP Operations
- **Mass**-based (total metric tons of CO2)

**Carbon Intensity**
- Measures emissions from Power Sold to Customers
- **Rate**-based (pounds of CO2 per MWh generated)

*Both are audited against industry standard best practices.*
SRP Operations: Emission Sources

GHG Inventory emissions are reported in 3 categories called Scopes.

UPSTREAM
- Purchased Power Generation
- Fuel Mining and Transportation
- Goods and Services
- Travel and Commuting

SCOPE 1
- Owned Power Generation
- Fleet Vehicles
- Miscellaneous Leaks
- Other Equipment

SCOPE 2
- Facility Purchased Electricity
- Transmission and Distribution Losses

SCOPE 3
- Waste Disposal

06/08/2023 Strategic Planning Committee, D. Sobrinski
SRP Operations: Emissions in FY22

Scope 1
15,319,194 MT CO₂

Owned Power Generation

Scope 2
96,368 MT CO₂

Purchased Electricity for Buildings

Scope 3
5,273,000 MT CO₂

Purchased Power Generation
Fuel Mining & Transportation

Other

MT CO₂ = Metric Tons of Carbon Dioxide
SRP Operations: Emissions Over Time

Scope 1 and 2 Emissions
- Owned Coal Generation
- Owned Gas Generation
- Other

Scope 3 Emissions
- Goods and Services, Other
- Purchased Power Generation, Fuel Mining and Transportation

GHG Emissions (million metric tons CO2e)

Nationwide avg new EV market share: 7.3%
Number of counties exceeding avg: 204
Number of states with counties exceeding avg: 38
Key Market Drivers and Trends

Increasing types of EVs coming to the U.S. market
Average driving range of fully-electric vehicles is ~270 miles by 2024
Key Market Drivers and Trends

**EV Market – Q1 2023**
- Impacts of Inflation Reduction Act
- Microchip and other shortages easing
- Light duty truck options expanding – RAM1500, Chevy Silverado
- Tesla price swings, others responding
- Manufacturers standardizing platforms
- Fleets interested and planning

**EV Charging Market – Q1 2023**
- AC charging increasing (12 kw+) – grid planning impacts for utilities
- Chain store public fast charging expands
- Public charging reliability challenges
- Federal funding significant, but slow to deploy
- Tesla opening supercharger network
- V2X captures attention (F150 Lightning), but still niche application
- Electric big rig charging ~350kw DC; ~1MW expected in 12-24 months
Status of SRP EV Adoption vs. Targets

**SRP Adoption Target:**
- 38,274 EV’s vs. 39,000 FY23 Corporate Objective

**Outlook:**
- Near term, adoption growth expected to continue recent trend, although constrained by OEM manufacturing capacity
- Longer term, depends on reducing EV prices, increasing consumer acceptance, increased used EV availability, and continued EV favorable policies nationally
Status on Key Activities

2035 Goals:
- Support the **enablement of 500,000 EVs** in SRP’s service territory, and
- **Manage 90% of EV charging** through price plans, dispatchable load management, OEM integration, connected smart homes, and behavioral and other emerging programs.

Significant activities are underway across the organization to prepare for the growth in EVs.
Status on Key Activities – EPRI EVs2Scale2030

TOP BARRIERS TO SCALE THAT MUST BE ADDRESSED:

1. CHARGING AVAILABILITY
2. CHARGING RELIABILITY
3. GRID INTERCONNECTIONS & GRID READINESS

3 ENABLING ACTIONS:

1. Ensure utilities (and regulators) are in lock-step with vehicle OEMs, fleets, and consumers
2. Optimize systems and processes that support the pace of activity/investment required
3. Develop needed tools and technologies that enable EV scale and capture EV grid benefits
FY24 Priorities

Managed Charging – Chart a Course
- Strategies for EV Load Shaping > Inform ISP
- Implementation Roadmap

EPRI EVs2Scale2030 Program

Develop EV Strategy Guideposts

Manage and Coordinate EV Initiatives Across SRP

Expansive Collaboration with External Stakeholders

Formalize Tracking of Emerging/Future Technology and Market Trends
- Monitor maturity and assess timing of SRP impacts
