

IRRIGATION

NEWS FOR SRP RESIDENTIAL SHAREHOLDERS / FALL 2021

Winter Deliveries Are Here

Winter irrigation deliveries are underway. This means your water is available every 28 days. Want to know more? SRP offers a list of important dates specific to your subdivision! This list includes when your delivery schedule is available

to be viewed and order deadlines. You can see all this information online using the self-service Quick View feature at srp.net/quickschedule. Simply enter your account number or address and select "View Subdivision Schedule."

2021 Dry-Up

As a reminder, SRP's annual canal maintenance period is just around the corner. During this time, parts of our canal system will be drained so that we can inspect, clean and repair canals and laterals to ensure our delivery system remains in working order. This is the perfect time to inspect your neighborhood water delivery system and complete any needed repairs to help lower the chance

of leaks and remove obstructions. Regular system maintenance can help improve deliveries and reduce the potential for reduced or inconsistent flow. The dry-up period for southside canals is Nov. 20 to Dec. 20 followed by the northside canals from Jan. 8 to Feb. 7. Visit srp.net/contactirrigation to contact us if your repairs require a dry system during this time or at any time throughout the year.

Fall Harvest: Butternut Squash Soup

Nothing says fall like a comforting bowl of soup! Except for maybe a pumpkin spice latte. But since you can't grow those, use your fall garden harvest to make this easy butternut squash soup recipe.

Ingredients

- 1/2 tablespoon olive oil
- 2 garlic cloves, minced
- 1 onion, diced
- 1 butternut squash, peeled and diced into cubes
- 32 ounces vegetable broth
- 1/2 teaspoon salt
- 3/4 teaspoon pepper
- 1/2 cup heavy whipping cream

In a Dutch oven pot or heavy pot, heat oil over medium heat. Add onion and garlic. Cook until softened, about 5 minutes. Add butternut squash and vegetable broth. Bring to a boil, then cover and simmer for about 15-20 minutes until squash is softened. Carefully pour entire contents of pot into a blender. Add salt and pepper and blend until smooth. Return to pot. Add cream and stir until heated through. Bon appetit!

SRP RESERVOIRS

As of Aug. 30, the total SRP reservoir system was **71%** full at **1,629,368 acre-feet** in storage. A year ago, the total system was **72%** full. Storage on the Salt River system is at **74%**; the two reservoirs on the Verde River are at a combined **50%** of capacity. Stay up to date on reservoir levels daily at watershedconnection.com.

Data is accurate as of Aug. 30.

Water Payments Due

Water charges for 2022 are due by Dec. 6. Late fees of 1% of any unpaid basic charge will start to accrue Jan. 7. If you use online banking to pay your irrigation bill, please be sure you're using the following for your payee address: SRP, P.O. Box 80052, Prescott, AZ 86304-8052.

SRP now accepts payments through Amazon Pay, PayPal and Venmo which are authorized and processed through Paymentus. To be safe, only make these types of payments directly to SRP online, through My Account or the SRP Water mobile app. For more information or other payment options, visit srp.net/waterpayments.

Canal Convergence is a free annual public event that takes place at the Scottsdale Waterfront along the pedestrian pathways, bridges and in and above the Arizona Canal between Scottsdale Road and Goldwater Boulevard. This year's "Art and Technology"-themed event will begin on Friday, Nov. 5, and run through Sunday, Nov. 14. For additional information, visit blog.srpnet.com/srp-canal-convergence.

Safe Canal Recreation

If you are looking for outdoor activities this fall, don't forget that SRP's canal banks are available for walking, jogging and bicycling. With more than 80 miles of multi-use trails along the canals, these paths provide a perfect opportunity to enjoy our natural desert climate and the active waterways that keep Phoenix moving forward. View trail maps and points of interest at srp.net/canals.

Canals can also present hazards, so please be sure to follow these safety tips to enjoy the canals safely:

- Keep a safe distance from the edges of canals.
- Do not swim in canals.
- Use a leash on your pets.

For additional safety tips, please visit srp.net/canalsafety.
