

SRP BUSINESS SOLUTIONS

CUSTOM ELECTRIC TECHNOLOGY EQUIPMENT REBATES

Effective FY23 (May 1, 2022–April 30, 2023)

PLUG INTO BENEFITS

SRP offers custom rebates of up to \$0.10 per annual kilowatt-hour for customers who upgrade process equipment powered by diesel, natural gas or propane to electric alternatives.

Sample custom opportunities and processes include, but are not limited to, the following:

- Infrared heating, curing and drying
- Industrial process heating
- Electric motor drives
- Airport ground support equipment (GSE)
- On-road electrification, including trucks, buses and other vehicles rated by the EPA as Class 3-8

BENEFITS

- Lower fuel, ownership and operating costs
- A safer, cleaner and healthier workplace
- Less heat generation for cooler operations
- An improved environmental profile

NO-COST ELECTRIFICATION CONSULTATION

If you are unsure of how potential electrification opportunities could improve your equipment or processes, you can sign up for a no-cost electrification consultation. Our local program representative will walk through your facility and help you identify potential custom rebate opportunities that could help you and your employees enjoy the benefits of electrification upgrades.

ELIGIBILITY

Any current SRP business or industrial electric customer in a facility served by an SRP commercial price plan is eligible.

HOW TO PARTICIPATE

1. Have the following information ready to submit a preapproval application:
 - Your contact information (SRP account number, address, phone number, etc.)
 - Your company's contact information (where the equipment will be installed or used)
 - Your dealer's contact information (who you purchased the equipment from)
 - Your new equipment's information (specification sheets, engineering drawings, price estimates or quotes)
2. Complete and submit the rebate application online at srpetechrebates.com/etech.
3. Receive a notification of your preapproved application and rebate amount.
4. Purchase the new eligible equipment you would like to install and submit your proof of purchase to complete your application (invoices and equipment photos).
5. We will review your rebate application and contact you if additional information is needed.
6. If your rebate application is complete and meets all requirements, your rebate check will be issued.

For more information, contact your SRP Strategic Energy Manager or the program administrator at etechrebates@srpnet.com or call **(602) 236-3065**. For detailed program and eligibility requirements, contact us or visit savewithsrpbiz.com/etech.

Rebate funds are limited and available on a first-come, first-served basis. The rebate cap for the SRP Business Solutions Electric Technology Program is \$75,000 per customer and counts toward the \$300,000 rebate cap for all SRP Business Solutions Programs.
