

SRP SHADE SCREEN AND WINDOW FILM REBATE PROGRAM

SAVE ENERGY. SAVE MONEY. SAVE WITH SRP.

What you need to complete a Shade Screen/Window Film Rebate Application online:

- A paid-in-full invoice, which includes:**
 - The installing contractor/company name, address and Arizona Registrar of Contractors (ROC) license number (not applicable if DIY by customer)
 - The date of installation (Don't submit an application until the screens are installed)
 - The address of installation, including unit/apartment numbers
 - The total square footage of installed shade screens/window film listed by direction (east, south and west)
 - The percentage of solar heat gain that the shade screens block (minimum of 80%)
 - The percentage of solar heat gain coefficient (SHGC) of the window film (maximum of .45 for double-pane windows and .40 for single-pane windows)
 - The total cost of installation (price without north-facing window and/or bug screen installation)
- A signed contractor terms and conditions form (not applicable if customer DIY)**
- The total square footage of your home**
