M-POWER PRICE PLAN FOR PRE-PAY RESIDENTIAL SERVICE

Effective: May 2019 Billing Cycle

Supersedes: April 2015 Billing Cycle

Includes Increase to Fuel & Purchased Power Adjustment

Effective: November 2024 Billing Cycle

AVAILABILITY:

The M-Power Program is subject to equipment availability, as determined in SRP's sole discretion. The M-Power Program is not available to customers with medical life support equipment.

APPLICABILITY:

Service under this price plan is applicable to a single family house, a single unit in a multiple family house, a single unit in a multiple apartment, a manufactured housing unit, or other residential dwelling, supplied through one point of delivery and measured through one meter. Service under this price plan excludes resale, sub-metering and standby uses. Applicability shall be determined in SRP's sole discretion.

Service under this price plan is limited to residential customers without on-site generation, and those customers with on-site generation who are described in clause (B) of the Applicability section of the E-27 Customer Generation Price Plan.

ACCESSIBILITY:

Equipment used to provide M-Power service must be physically accessible to SRP personnel without prior notice.

CHARACTER OF SERVICE:

Sixty hertz alternating current at approximately 120/240 volts, single-phase.

CONDITIONS:

- A. A customer requiring additional interconnection, metering or other equipment beyond what is necessary for SRP to provide basic service applicable under this price plan must pay SRP for the costs of such additional equipment.
- B. A customer may cancel service under this price plan and elect service under another applicable price plan. The customer may not subsequently elect service under this price plan for at least one year after the effective date of cancellation. Customers who are served under E-24 for less than 12 months and choose to elect service under another optional residential price plan will be required to pay the then-current Board approved field visit fee to cover the cost of the required meter exchange.
- C. Applicable monthly charges or credits may be converted to daily amounts. The amounts would be annualized and then converted to daily charges or credits.

ADJUSTMENTS:

- A. SRP may increase or decrease the price for Fuel and Purchased Power based on changes in the average cost of fuel and purchased power. The price for Fuel and Purchased Power is calculated for the summer and winter season based on the projected cost of fuel and purchased power, adjusted for the actual over- or under-collection of fuel and purchased power revenues relative to fuel and purchased power expenses from prior periods. SRP may increase or decrease the per kilowatt-hour (kWh) charges consistent with these changes.

- B. SRP may adjust the Transmission Cost Adjustment Factor to recover transmission related costs or charges incurred by SRP resulting from standardized wholesale market designs, regional transmission organizations or related activities. SRP may increase the per kWh charges consistent with these changes.
- C. SRP will increase or decrease billings under this price plan in proportion to any taxes, fees, or charges (excluding federal or state income taxes) levied or imposed by any governmental authority and payable by SRP for any services, power, or energy provided under this price plan.

RULES AND REGULATIONS:

- A. Service under this price plan and all associated riders shall be in accordance with the terms of SRP's Rules and Regulations, as they may be amended or revised by SRP from time to time. Failure by a customer to comply in all material respects with SRP's Rules and Regulations may result in SRP terminating electric service to the customer.
- B. Direct access for retail electric customers is currently inactive in Arizona. While certain components of SRP's price plans are unbundled, such components would need to be redetermined in the event direct access becomes available.

SPECIAL RIDER:

Limited-income customers may qualify for a discount under the Economy Discount Rider.
