DID YOU KNOW?

One of the best places to camp, fish or just escape the summer heat is the C.C. Cragin Reservoir on the Coconino National Forest. It also serves an important purpose: The reservoir is part of SRP’s water supply system and also supplies drinking water for the town of Payson and other Gila County communities.

The forest surrounding the reservoir is overgrown and at risk of catastrophic wildfire, which would have a devastating impact on the reservoir’s water supply. In order to safeguard the water supply, SRP is partnering with stakeholders to restore the forest and protect the watershed. To learn more, visit srpnet.com/forest and click on “Cragin Watershed Protection Project.”

KIDS TURN CHAPTERS INTO CARNIVALS

Do your children want to redeem summer reading lists for free rides at the Arizona State Fair? Then step right up and join the Read & Ride program.

Arizona students ages 5–14 can participate by:

• Reading three books approved by their teacher/guardian
• Downloading and completing the report along the way
• Bringing a completed form to Guest Services at the fair

To learn more, visit srpnet.com/offers.

HELPING YOU KEEP THE POWER ON

SRP understands the significance of keeping customers in service, especially during Arizona’s hot summer months. We care about our customers’ safety, which is why we have many programs and resources in place to assist those in need.

We encourage customers experiencing difficulty making M-Power purchases for any reason to notify us as quickly as possible so we can make arrangements that can help them avoid a worsening financial situation. Call us 24/7 at (602) 236-8888 or visit srpnet.com/heretohelp to learn more about SRP programs and resources available to you.

FINANCIAL FLEXIBILITY WITH SRP

If you find yourself on a tight budget this year, you may want to consider SRP’s Economy Price Plan discount.

Eligible customers can receive a $23 monthly discount year-round that will be applied as a credit to your account. To learn more about the plan and to confirm your eligibility, speak to an SRP representative today.

Visit srpnet.com/economy or call (602) 236-8888 to apply.
DEDICATED TO DROWNING PREVENTION

August is a good time for Arizona residents to ensure they are taking all necessary precautions and measures to combat the preventable tragedy of drowning. Too often, children lose their lives to drowning. That’s why we’re proud to partner with Phoenix Children’s to provide water safety education to defend against more drownings.

Drowning prevention takes a village. We must all take responsibility for anyone around water. With summer to-do lists and Labor Day distractions, this month marks an especially dangerous time of year. Keep your family safe by following these tips:

- Remove phones, tablets, TVs and other electronic distractions from around the pool.
- Assign an official Water Watcher to supervise the pool.
- Purchase approved lifesaving devices, such as life jackets, and stow them around water.
- Don’t leave furniture or toys near a pool fence. Children may be tempted to climb them.
- Check all door and window locks. Dog doors too. Leave nothing open that leads to a pool.
- Learn how to perform CPR on infants, children and adults.

DON’T GET BURNED BY SUMMER SCAMS

Scammers tend to heat up this time of year and often target utility customers. From fraudulent phone calls to home visits, some scammers may even threaten to disconnect your power.

SRP wants customers to know how to identify and stop these scammers in their tracks. If you suspect someone on the phone, at your door or at a Paycenter is impersonating an SRP representative, call (602) 236-8888 immediately. Protecting your personal information is one of our highest priorities.

Furthermore, please keep in mind that SRP does not accept bitcoin or prepaid credit cards. If you are ever asked to make a payment using either of these methods, it may be a telltale sign of a scam.

Cross-reference your M-Power app for a secure and up-to-date check of your balance.
